## HAS REVENGE ON GIRL

Daughter of Detective Who Tracked Him Abducted, Assaulted And Taken Home Gagged

Chester, Pa., May 7.—Revenge of an Italian for having been sent to jail by State Detective James Mell has been taken out upon one of his daughters in treatment of a fiendish character.

On Saturday evening Mildred Mell, 17 years old, went to the Pennsylvania Station here to telephone to Wilmington. Two negroes, said to have been hired by the revengeful man, attacked her in Welsh street. One struck her on the head with a blunt instrument and the other clasped his hand over her mouth to prevent an outcry. They lifted her into an automobile driven by a white man, but whether this

was the enemy of her father is unknown.

Late Sunday night or early yesterday morning her assailant dropped the girl, bound hand and foot and gagged, into the yard at the rear of her home, in Second street, near Fulton. The girl was all but dead when found, and her condition at present is such that physicians are in fear of the outcome.

That the avengers are after Mildred's older sister, Angeline, is indicated by the fact that they kept a photograph of the latter, which they found in Mildred's purse, leaving one of Mildred there.

## COAL, LUMBER AND BUILDING MATERIALS

## Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.
